

Field Trip Guide

Activities We Offer:

- **Ozobot Coding Adventure**

Description: In this Mars-themed hands-on field trip, your students will learn the basics of coding and then program their Ozobot through a series of space exploration challenges.

Class Size: 30 students maximum

Price: \$15 per student

Run Time: One hour

- **Edible Science**

Description: Your students will become mad scientists for the day and perform crazy science experiments that they can eat!

Class Size: 30 students maximum

Price: \$15 per student

Run time: One hour

Guidelines:

- All students must wear face masks
- Astar Explorer faculty will do a temperature screening of all students before entering our facility

Important Information:

Field Trip Bookings must be made a minimum of two weeks in advance. Non-refundable \$100 deposit. If you have last-minute requests, outside of the two weeks please give us a call and we can do our best to accommodate your class.
