

REPORT OF TUBERCULOSIS SCREENING CHILD DAY PROGRAMS

Standards and child care policy require certain individuals to submit a report indicating the absence of tuberculosis in a communicable form when involved with child day programs and family day systems regulated by the Department of Education, including unlicensed, unregistered programs that participate in the Child Care Subsidy Program. Each report must be dated and signed by the examining physician, the physician's designee, or an official of a local health department. When signed by the physician's designee, the form must also identify the physician/physician practice with which the physician-designated screener is affiliated.
